

# SAMUEL FRAD KILLED IN AN AUTO ACCIDENT EARLY SUNDAY MORNING

## Was Taking Ride Through Country With Party of Six Others When Machine Turned Turtle

### A Brother, Jesse Frad Sustains Broken Arm and Several Others Were Injured---Body Brought to Parents Home in This City and Funeral Will Be Held Tuesday.

Caught under the heavy body of an automobile when it turned turtle, Samuel Frad, 20 years of age, was killed and several others were injured early Sunday morning at Massieville, a short distance from Chillicothe. The accident occurred after the men were returning to Chillicothe from Waverly after an early morning trip.

After the heavy machine had been lifted from the prostrate body of Mr. Frad, it was found that death had been instantaneous for his neck was broken. Jesse Frad, also of this city, who was in the party, suffered a broken arm, while the others were injured in various ways.

Jesse Frad accompanied the body of his brother home Sunday evening, and he was seen by an Advocate reporter Monday morning, and he told about the accident during the interview.

"About 11 o'clock Saturday night I left my place of business and went out to get shaved, and during my absence the trip was planned. When I returned they asked me to go and I went, although I had a premonition that something would happen before we got back to town.

"The party consisted of Drew Robinson, a wealthy young fellow who owned the car, a seven-passenger machine, George Grevis, Clarence Breil, Frank O'Donnel, John Steel, my brother Samuel and myself. It was shortly after midnight when we started for a ride to Waverly, and as the road was in fine shape the trip was enjoyable. A stop was made at the hotel there and then the homeward trip was commenced.

"Robinson decided to try a new road on the way back and Omega, six miles from Chillicothe, was reached when he discovered that he had lost the way. Rather than spend the time hunting for the correct road the party returned to Waverly and the run to Chillicothe was commenced over the same road that they had passed over a short time before that.

"Samuel Frad was sitting on the front seat with Robinson, who was driving the car, while George Grevis and myself occupied the two small center seats. While in the tonneau Clarence Breil, Frank O'Donnel and John Steel sat. Samuel and Mr. Robinson were talking of a piece of land near Lincoln, Ill., which Robinson recently fell heir to, and it is the supposition that he was so interested in telling of his new property that he was carelessly running the machine with one hand.

"Suddenly the front wheels struck a rut in the road. Robinson was caught unawares and the big car commenced rocking dizzily from one side of the road to the other. Realizing that the auto would get away from him unless he acted promptly, Robinson made a frantic effort to control the machine by grabbing the steering wheel, but his attempt was useless and the car turned turtle. Although the body of the car was wrecked the engines still worked and the wheels whirled in the air until the shut-off lever could be reached. The powerful headlights still burned and enabled the men to start their work of rescue.

"I was sitting directly behind my brother, listening to the talk about the Illinois farm land, when the car swerved and then commenced to rock. I realized that something was about to happen but before I could even think of doing anything the auto careened and turned upside down. I was pinned under it but in such a way that I could realize what was going on. I heard a racket that I afterwards found was the engines still working, and then they lifted the car and got me out, although I told them to look after the others first for I wasn't hurt.

"What I feared most was that something had happened to Sam and I called several times but he didn't answer; then I thought he was dead. I began to wonder if the gasoline or oil would leak into the car and catch fire, when the body was lifted and I partially crawled and was partially pulled out into the road.

"We found Robinson next, pinned under the auto and we got him out and then we looked for Sam. We finally found him, his head sticking out from under the machine which rested upon his neck. Steel, although not a large man, crawled part way under the car and lifted it on his back so that we could pull Sam out. It was superhuman strength for it afterwards took three men to lift the machine as high as he did by himself.

"We ran to a couple of farm houses and got help, and when we came back Robinson was lying in the road unconscious. He has been unconscious ever since, although a telephone call to Chillicothe this morning brought the information that he is improving. It is feared, however, that he is internally injured."

Jesse Frad sustained a broken right arm and a few bruises, while Grevis, who sat opposite him, had the ligaments in his leg torn loose. The occupants of the tonneau were pitched out when the car turned over and were but slightly injured. Breil sustained a few cuts about the head but neither O'Donnel nor Steel were injured. Steel was slightly injured later while running for help when he ran into a barbed wire fence.

Breil was dazed by the terrible catastrophe and ran from the scene as fast as he could and was later found in Chillicothe. Those who were not injured ran to a farmhouse and telephoned to Chillicothe for ambulances and doctors and the injured were soon taken care of. The body of Samuel Frad was taken to an undertaker's, and it was brought to Newark last night, accompanied by Jesse and Harry Frad and several friends from that city.

Samuel Frad was born in Newark, October 4, 1890, and was a son of Mr. and Mrs. Nathan Frad, 340 North Fourth street. He resided in this city all his life until two years ago, when he and Jesse went to Chillicothe and opened a cafe in that city. Both were well known to many Newark people who were shocked to learn of the young man's untimely death.

His body will be taken to Zanesville Tuesday morning and will be buried beside that of his sister, Lena, who died about two weeks ago.

# POMERENE LEADS IS CLAIM OF SUPPORTERS OF CANDIDACY

Columbus, Nov. 14.—Pomerene supporters at the state house today claim that 32 Democratic legislators are pledged to vote for him for senator and that six more are practically certain to do so. The Hanley boom so far has about eight pledges. Hanley's backers say Pomerene should not be elected senator in view of the possibility that Harmon would get the presidential nomination and resign the governorship. The lieutenant governor would then become governor.

# NEW YORK EXPRESS DRIVERS HAVE ALL RETURNED TO WORK

New York, Nov. 14.—All the striking express drivers returned to work today. Most of them displayed their union buttons. A report that no men wearing the button would be re-employed caused much bitterness and brought extra police details to the depots but was later proven untrue. The company is not discriminating in taking the men back. The strikebreakers are being paid off and furnished transportation to their homes. It will take ten days to relieve the congestion at the depots.

## Canton Football Player is Held on Murder Charge

### A FULL INVESTIGATION Will be Made of Game Saturday Which Resulted in Death of Young Athlete.

Canton, Nov. 14.—Tom McCoy, local football player for whose arrest a warrant is out because of his connection with a game in which Rudolph Munk was killed, at Wheeling, W. Va., Saturday, said today he would go back to Wheeling and face whatever charge there was against him. He says he was playing end and saw the player make for him. He had no grievance against Munk, but the latter was in the interference in which McCoy damped. Munk was hurt, but the players did not think it was serious. McCoy is 21 years of age. He will return alone to Wheeling some time today.

Wheeling, W. Va., Nov. 14.—A warrant formally charging Thomas McCoy, right end of the Bethany College football team, with murder in connection with the death of Captain Rudolph Munk of the West Virginia University team, was issued here yesterday by Magistrate R. G. Hobbs. The action followed partial completion of the inquiry by Coroner W. W. Rogers. Munk sustained injuries in the game between the two teams here Saturday from which he died within five hours without regaining consciousness. The testimony upon which the warrant was issued was furnished principally by Homer N. Young, a Pittsburgh attorney, who umpired the game. Young testified that Munk was making interference and was a few yards in front of the scrimmage line when McCoy came up to the West Virginia captain, striking him in the head. Munk fell to the ground unconscious and Young ordered McCoy from the field.

The autopsy disclosed the fact that Munk's death was caused by a blood clot at the base of his brain and could not have been the result of a former injury. The dead athlete's body was removed to his home at Connelville, Pa. McCoy lives at Canton, Ohio.

In giving the details of the manner in which Munk was injured, Mr. Young said the ball was on Bethany's 30-yard line when Munk started.

# SOCIALIST CONGRESSMAN MAY OPPOSE GOMPERS IN FEDERATION

St. Louis, Mo., Nov. 14.—The port among the radicals who dislike the American Federation of Labor convened here today facing several big problems. The biggest is the question of joining the Socialist movement and making Victor Berger, the new Wisconsin congressman, president of the federation. Another is to decide a stand on the closed shop question. Berger has strong supporters among the radicals who dislike the Gompers compromise policy. Berger was busy among the delegates refused to discuss the extension of the federation's political activity. If Berger succeeds in getting the endorsement to endorse his Socialist doctrine he will oppose Gompers for president.

# SUCCESS IN TENANT HUNTING.

Ownership of property is not always pure joy. When the tenant deserts, or defaults—and the property remains idle for months and months, then the pinch of "property-poverty" is felt.

Yet finding a tenant for a good property need never be a matter of more than a week or so—sometimes less. A small advertising campaign does the work.

# YOUNG MAN DESPONDENT ON ACCOUNT OF ILLNESS SUICIDES BY SHOOTING

## Harley Huffman, 19, Found in Field Near Sister's Home, Sends Bullet Through Head

### Left Note to Father Giving Reason for Self Destruction---Funeral Will Be Held From Home on Boylston Avenue Tuesday Afternoon.

Many people in Newark were greatly shocked Sunday evening when the news spread throughout the city that Harley Huffman, the 19-year-old son of Mr. and Mrs. Jacob Huffman, residing on Boylston avenue, in the East End, had committed suicide by shooting himself through the head with a bullet from a revolver.

Harley Huffman, who was one of the best known and most popular young men in the East End, was employed by his father, who is a foreman at Cedar Hill cemetery. For the past year the young man has been suffering with kidney trouble, which at times gave him excruciating pain. He had consulted a number of the most noted specialists in the country, but all, without exception, after diagnosing the case, expressed the opinion that the case was hopeless. Recently Harley had suffered more than usual, the several spells becoming more frequent.

Sunday morning he left the home of his parents, on Boylston avenue about 8 o'clock, and about 12 o'clock went to the home of his sisters, Mrs. Sidney Wells and Mrs. Cushman. As was his habit whenever he had time, when he called at the home of his sister, Mrs. Wells, nothing unusual was observed in his actions, and he was in his usual jovial mood, notwithstanding his affliction. He remained at the home of his sister for perhaps an hour, when he took his departure, and this was the last that any member of the family saw him alive.

Between two and three o'clock Sunday afternoon a little girl called at the home of the Buchanans and said that a man was lying on the ground in a field close by, but no attention was paid to her remark, no one dreaming that it was Harley.

About four o'clock, however, as Mr. Trace was walking through the field, his attention was called to something lying on the ground, and on investigating discovered that it was the lifeless body of Harley Huffman. He quickly notified Chief of Police Charles Hindel and then notified Mr. Buchanan. The body was taken to the undertaking parlors of George Bowers, where the deputy coroner was called and viewed the remains. It was found that the young man had shot himself through the head and the death must have been instantaneous. The revolver from which the bullet had been fired, was found lying beside the body as was the following note addressed to his father:

"Dear Father:  
"I am a thing of the past. Tell my father to draw my money from Cedar Hill. Pay Ed Doe \$6 that I owe him and 50 cents to Charles Moats, and collect \$1 from the Water Works, also collect \$5 from a Coshonok party (giving the name), so long, for good. I am mad at no one."  
"HARLEY HUFFMAN,  
275 Boylston avenue."

The deceased is survived by his parents, Mr. and Mrs. Jacob Huffman, and five brothers and two sisters, being Emmet, Thern, Joseph and William, who live at home, Herbert of Mt. Vernon and Mrs. Sidney Wells and Mrs. Cary Buchanan.

Although the funeral arrangements have as yet not been definitely decided they will be held at the home of the parents on Boylston avenue Tuesday afternoon.

# WAS ENGLISH SCANDAL CONCEALED IN DEFENSE?

London, Nov. 14.—That a great scandal is concealed somewhere in the Crippen defense is the opinion of a vast majority of English lawyers. When Crippen was arrested the best English lawyers offered five to one that he would go free. Legal experts say nothing in the trial or evidence explains his conviction.

The following peculiarities are noticed in the defense: With an amount of money available which could procure the best lawyer in the country the defense was entrusted to Tobin, a Liverpool lawyer, who had never practiced in London and who was also handicapped by having a half prepared case when opened in court. On the other hand Ethel Levee was defended by the best criminal lawyer in the United Kingdom who got her off in a half hour without effort. The general public has an idea that Crippen was sacrificed to protect Miss Levee or to cover up some great scandal.

## HEART and HOME TALKS by Barbara Boyd

Little Problems of The Home.

To Cultivate Decision, Try This.

**A**LTHOUGH not every woman who is undecided desires to mend the fault, some do. These realize how much better, if nothing worse, indecision brings into life. And they long with all their heart and mind to rid themselves of this undesirable trait.

But with all their efforts, the weary struggle goes on. They never can make up their minds what sort of dress they want, what hat is the most becoming, whether they should go to this or that show. Even to the smallest details the mental struggle is kept up. They exhaust themselves trying to decide, or in trying to stick to a decision once it is made. They exasperate everybody who has anything to do with them by their changeableness.

A method that helps says one who has tried it, is elimination. It is much easier to decide what you don't want, than what you do want, says this member of the irrevocable clan. Don't try to decide what hat you want at the milliner's. This is the rock upon which the indecisive woman falls prostrate. But begin by deciding which ones you do not want. A glance will show you a number of them which you positively would not own under any consideration. Keep on eliminating, and you'll arrive at the one you do want, and be perfectly satisfied with it as well. There'll be no wonderings if it wouldn't have been better if you had taken some other, or longings for a different style. The undesirable features of the ones you have rejected will stand out in memory, and the one you have taken remain the only one entirely satisfactory.

The same method applied to suits, to dress goods, to all those things about which the indecisive woman finds it so hard to make up her mind, will help wonderfully. She will, after awhile, have acquired the habit of decision, and so on her way a happy woman.

The habit of indecision is one to be corrected at all costs. It throws a household into disorder and keeps it there. It gets on the temper of the husband, and keeps the children in constant confusion. It is ruinous to business affairs. It is apt to spoil friendships. It seems a little thing, but it is one of those things that is a constant annoyance. And few things work more damage than these little endless annoyances and irritations.

If parents see such a habit developing in a child, they should put forth their best efforts to correct it. Decision of character is one of the important traits for a girl or boy to possess. Children should be trained to see clearly and quickly all sides of a question, and to adopt unhesitatingly that upon which right rests. After all, it is a matter of reasoning and judging. The woman who is undecided does neither of these things. Her mind runs impulsively first in one direction, then in another. She has nothing solid to lay hold upon. She feels vaguely she ought to have, and this is the cause of her confusion.

At any rate, the plan of elimination helps. And any little help is a relief to this distressed state of mind.

Barbara Boyd

## A Woman's Warning is Her Comb

When your comb looks like this take no chances. Use Woodbury's combination Hair Tonic at once. This famous hair grower was tested and improved for almost half a century before a bottle was sold through the stores. It is the only hair tonic made from the formula of the great dermatologist and saves the hair when all other preparations fail. It stops falling hair, cures dry or greasy dandruff and restores itching, irritated or tender scalp.

You don't have to wait for results either, for the effect is noticed after the first application of Woodbury's Hair Tonic. It invigorates the hair roots, stimulates the circulation throughout the scalp and quickly produces a healthy growth of long beautiful hair.

States have won the larger confidence of foreign investors.

The precinct, town and county where Colonel Roosevelt resides all gave Democratic majorities and the Colonel is still silent.

Reporters are now looking after the details. Some of them are very interesting, even if not important. Insurance Governor Harmer carried all standing precinct, city and county. His majority in Marion county is 75. Precinct 1, Ward 9 where Mr. Harding resides, Harmer's majority is 9.

Retained in his town, his county, his Congress district, his State, and cast out of the country at large, no wonder the Rough Rider remains silent and sulky at Sagamore Hill. There is no pay for him in the out-look.

As has been stated, four members of the Taft Cabinet were unable to prevent the brilliant Democratic victory in Ohio. Had the whole Cabinet, with President Taft at the head of them, stumped Ohio it is not likely that the result would have been different.

### WOULD CORY HAVE VOTED FOR DICK?

Senator Cory is disposed of and he deserves exactly what he got. A great many good people, mostly outside of the senator's own party and immediate personal circle of acquaintances, have regarded him as a hero and a martyr. He may have been a hero in voting against measures which the majority of the people of his district approved, but there is another name for the representative of the people who promises one thing and deliberately does another. Party punishment was harsh, but it was irresistible. Mr. Dore, the senator-elect, is at least a man who knows right from wrong, and his worst enemies have never accused him of being a liar in politics or outside of it. Nobody doubts that he will represent his district, his party and his people with the same energy and ability that he has displayed in running the means for an education and admission to the bar, and taking a high place in his profession. — Postoria Times.

### "A NERVOUS WRECK"

"My daughter is rapidly becoming a nervous wreck," said an anxious father to a friend who happened to be a druggist. "She has no appetite, is run-down, weak, takes no interest in anything, and we cannot find anything that helps her."

"Why don't you give her Vinol?" said the druggist—"it is not a secret nostrum, just a simple and delicious cod liver and iron tonic—and the best strength creator and general all round tonic we have ever sold in our store. Take a bottle home and try it. We'll return your money if it does not help her."

Within ten days the father came back for another bottle of Vinol, saying that he had never seen such a change in a girl in his life, and he felt sure one more bottle of Vinol would restore her to her normal condition.

Such cases as the above are constantly coming to our attention, and we ask every run-down, nervous, debilitated, aged or weak person in this vicinity, and every person suffering from a chronic cough, cold, or bronchial trouble, to try a bottle of Vinol on the same terms as above. F. D. Hall, Druggist.

### A CHALLENGE

Inasmuch as Messrs. Johnson and Hayes have at numerous times indicated in their newspaper articles, a desire to have the public know the truth in regard to the work of the Board of Appraisers, and further, inasmuch as we are desirous of having all the light possible thrown on these matters, that in the public mind we may be cleared of the charges made against us by Messrs. Johnson and Hayes, we submit to the gentlemen the following proposition:

Messrs. Johnson and Hayes to select two competent disinterested parties and we will select two men of like standing, and the four so selected shall choose a fifth. These five men shall compose a non-partisan committee who shall examine the work of the Board of Appraisers in the city of Newark for the purpose of determining whether the work of the Board shall be approved or rejected, it being understood that the committee shall consider comparatively the different sections of the city. If the committee approves the work of the majority of the Board, Messrs. Johnson and Hayes shall pay the expense of the work. If the committee rejects the said work, it will be paid for by Wm. M. Shamp and Geo. Fromholtz.

Take this harmless Compound as directed, with the knowledge that there is no other medicine made anywhere else in the world which will cure your cold or end gripe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist in the world can supply.

### MEET DEATH IN WRECK

**FAST PASSENGER PLOWS INTO A STREET CAR WHILE PULLING INTO KALAMAZOO.**

Six Killed and Four Fatally Injured. Conductor Alleges Did Not See Incoming Train.

Kalamazoo, Nov. 14.—Six persons are dead, it is now learned, and 26 injured, four of whom it is thought will die, as the result of a street car on the Kalamazoo city lines of the Michigan United Railways company being run down Saturday night by a fast west-bound express train on the Michigan Central railroad. All of the dead and injured were passengers on the street car.

### THE DEAD.

Ward Abbott, aged 25; married. William F. Schauer, aged 45; killed instantly. Miss Elvira Craig, aged 20. George M. Norman, aged 49. Theodore Mosk, aged 26. South Haven: head severed from body. J. F. Lang, killed instantly. All of the dead except Mosk lived in Kalamazoo.

### FATALLY INJURED.

Miss Jacoba Vroegendewer, aged 18; internally injured and burned. Miss Cora Frenthway, aged 16; body terribly bruised and cut. Miss Florence Wilmore, aged 21.

### HER PHYSICIAN APPROVES

**Taking Lydia E. Pinkham's Vegetable Compound**

Sabbatus, Maine.—"You told me to take Lydia E. Pinkham's Vegetable Compound. I have taken it for several months and I feel like a new woman. I was suffering from nervousness and other annoying symptoms. Lydia E. Pinkham's Vegetable Compound restored my health and strength, and proved worth mountains of gold to me. For the sake of other suffering women I am willing you should publish my letter."—Mrs. CHARLES BARCLAY, R.F.D., Granville, Vt.

Women who are passing through this critical period or who are suffering from any of those distressing ills peculiar to their sex should not lose sight of the fact that for thirty years Lydia E. Pinkham's Vegetable Compound, which is made from roots and herbs, has been the standard remedy for female ills. In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound.

skull crushed and body badly bruised.

Miss Clara Crawford, aged 20; burned, crushed and possibly internally injured.

All are residents of Kalamazoo.

That a single passenger escaped death is remarkable. The train was running into the city at a high rate of speed, it is said, and just as it rounded the curve where is located the East Main street crossing it crashed into the street car. Conductor Vern Van Horn of the street car was standing between the Michigan Central double tracks. He had signaled his car ahead. Van Horn claims he did not see the oncoming train or hear it until it was directly upon him. It was then too late to stop his car. The train hit the front end of the street car, tearing it into fragments. Mangled passengers were carried on the front of the engine for nearly a block before the train was brought to a stop. Motorman Abbott, with both legs cut off, was pulled from under the engine unconscious, the passengers who were caught in the car were burned and shocked from a continuous current that was continually running through the metallic parts of the car until the trolley was removed.

Miss Elvira Craig was tragically burned as well as injured. Her back was a mass of charred flesh. Her clothing caught fire and for nearly a minute she lay in the street a blazing object before her condition was discovered. Shortly after her removal to the hospital she died. Cora Frenthway, 16 years old, lay all night beside the Michigan Central track, unconscious from terrible injuries. She was removed to her home and may die.

Members of the state railroad commission sent word to officers here Sunday that they would be in Kalamazoo Tuesday morning to investigate the accident. It is probable that the coroner's inquest, set for today will be postponed until the members of the commission reach the city, in order to give them an opportunity to hear the testimony.

Parents, Mr. and Mrs. W. J. Clay, of Cobb county.

It is understood that Governor Brown will name either ex-Governor Joseph M. Terrell or Colonel Charles R. Pendleton, editor of the Macon Telegraph, to succeed Senator Clay. Governor Brown's appointee, however, will only hold the seat until the legislature meets next June and Hoke Smith is inaugurated governor.

The legislature will then elect a man favorable to the policies of Hoke Smith. It is not improbable that Hoke Smith may resign the governorship and accept the senatorship.

Senator Clay was born on a farm in Cobb county, Georgia, and in his youth was a typical backwoodsman. From the time of his graduation from the high school in Palmetto, Georgia, his ambition was to become a United States senator. He passed successfully from city councilman to the general assembly, where he served as speaker, then to the state senate, where he was president two years.

He was chairman of the state Democratic executive committee for three years. He was elected to the United States senate for the first time in 1896 to succeed Hon. John B. Gordon for the term beginning in 1897. He was re-elected in 1903 and again in 1909. His term would have expired in March, 1915.

Senator Clay is the first man in 121 years of Georgia's history as a state, outside of his colleague, Senator Bacon, to be returned to the senate for three successive terms.

### DON'T BE BALD

Nearly Anyone May Secure a Splendid Growth of Hair.

We have a remedy that has a record of growing hair and curing baldness in 25 out of every 100 cases where used according to directions for a reasonable length of time. That may seem like a strong statement—it is, and we mean it to be, and no one should doubt it until they have put our claims to an actual test.

We are so certain Rexall "93" Hair Tonic will cure dandruff, prevent baldness, stimulate the scalp and hair roots, stop falling hair and grow new hair, that we personally give our positive guarantee to refund every penny paid us for it in every instance where it does not give entire satisfaction to the user.

Rexall "93" Hair Tonic is as pleasant to use as clear spring water. It is delightfully perfumed, and does not grease or gum the hair. Two sizes, 50c and \$1.00. With our guarantee back of it, you certainly take no risk. Sold only at our store, the Rexall Store, Hall's Drug Store, 10 North Side Square.

### SENATOR CLAY

PASSES AWAY SUDDENLY SUNDAY AFTERNOON AT ATLANTA HOSPITAL.

Noted Southerner Had Served Three Terms as Senator from Georgia.—Hoke Smith May Succeed.

Atlanta, Ga., Nov. 14.—United States Senator Alexander Stephens Clay died suddenly at 4 o'clock on Sunday afternoon in the Atlanta sanitarium, to which he was taken ten days ago in the hope that special treatment might prolong his life.

Although Senator Clay was desperately ill his death was not expected. The senator had a sinking spell Saturday night, but rallied, and Sunday seemed to be much stronger. Mrs. Clay and her son Herbert were

SENATOR A.S. CLAY

at the bedside, and the senator was chatting with them about returning to his home at Marietta. Suddenly he gasped and in a moment was dead. The cause of death was given as dilation of the heart.

Sensor Clay had been in ill health for a long time, the physicians saying that he suffered from acute indigestion. It is generally understood, however, that his real ailment was cancer of the stomach.

The body was taken to the Clay homestead at Marietta for burial.

Sensor Clay was 57 years old and was serving his third term in the senate. He is survived by a widow, five sons and a daughter, besides his

### "A WINNING MISS."

There is no doubt that "A Winning Miss," by Boyle Woolfolk, is one of the most stupendous and beautiful shows to visit Newark this season. The original production of 60 people, strengthened by Max Bloom, was conceded to be the most beautiful of any of the musical successes of last season in the Metropolis.

Max Bloom will be remembered for his connection with "The Mayor of Tokio," and he has a very much larger scope to show his versatility in a much higher class piece and has never been funnier than he is found in this vehicle.

The music hits are "Eve," "The Land of Tomorrow," "Mean Thing," "Different Ways of Making Love," and "Did You Ever See So Many Funny Looking Hates," and a half dozen others.

The costuming of the show is a revelation to every woman in the audience; the stylish show girls, dapper chorus men and quartettes artistically encaused in stupendous scenic embellishments all go toward making one of the season's best offerings.

"A Winning Miss" will open the Auditorium theatre for the season on Wednesday, November 16.

### STOPPED SHORT

Taking Tonics, and Built Up on Right Food.

The mistake is frequently made of trying to build up a worn-out nervous system on so-called tonics—drugs.

New material from which to rebuild wasted nerve cells is what should be supplied, and this can be obtained only from proper food.

"Two years ago I found myself on the verge of complete nervous collapse, due to overwork and study and to illness in the family," writes a Wisconsin young mother.

"My friends became alarmed because I grew pale and thin and could not sleep nights. I took various tonics prescribed by physicians, but their effects wore off shortly after I stopped taking them. My food did not seem to nourish me and I gained no flesh nor blood.

"Reading of Grape-Nuts, I determined to stop the tonics and see what a change of diet would do. I ate Grape-Nuts four times a day, with cream and drank milk also, went to bed early after eating a dish of Grape-Nuts.

"In about two weeks I was sleeping soundly. In a short time gained 20 pounds in weight and felt like a different woman. My little daughter whom I was obliged to keep out of school last spring on account of chronic catarrh changed from a thin, pale, nervous child to a rosy, healthy girl and has gone back to school this fall.

"Grape-Nuts and fresh air were the only agents used to accomplish the happy results."

Read "The Road to Wellville," in pkgs. "There's a Reason."

**FUNERAL OF GEORGE BAKER.**

The funeral services over the remains of the late George Baker, who died so suddenly at his home on Front street, were held Sunday afternoon at 2:30 o'clock, and the interment was made in the Cedar Hill cemetery. There was a large attendance, especially of the old soldiers, and among those from a distance who were in attendance were the following: Mrs. S. F. Morrison, Cambridge, O.; Miss Margaret W. Baker, New York City; Mr. and Mrs. G. Bateman, Columbus; Mrs. James H. Baker, Oil City, Pa.; Dr. Walter Hartshorn and wife, Toledo; Miss Maude Johnson, Toledo; Mr. and Mrs. Jason Kaul, Plymouth, O.; Mrs. Joseph Stewart, Columbus. Mr. Chas. Morrison, Columbus.

The relatives wish to thank the friends for many beautiful floral pieces.

### JOSEPH HOLLER.

Joseph Holler, a man of about 70 years, and who was in the employ of the city, was found dead in his bed Sunday afternoon by Officer Callan and from all indications he had been dead two or three days. The coroner has not yet held an inquest but it is supposed that death was due to heart disease. When found his hand was pressed against his heart.

Joseph Holler was a bachelor, and the last of his family. His nearest surviving relative is a nephew, Art Williams, an employee of the Licking laundry. The deceased had lived in Newark about 25 years.

The neighbors in the vicinity where Mr. Holler lived, in South Fifth street, missed having seen him for several days and Ed. Loughman went to his room hoping to find him there. The door was locked and becoming alarmed he summoned Officer Callan who went to the home taking a small boy with him and whom

he helped into the house through a transom. The officer found the dead man's body lying on his bed in the next room.

Funeral services will be held in the undertaking parlors of the Criss Bros. and Jones, in South Third street Tuesday at 2 p. m. and burial will be made in Cedar Hill cemetery.

### TRY A LAXATIVE COUGH SYRUP Make It Yourself.

If you have been going all winter with a troublesome weakening cough, without obtaining relief or cure from the numerous old time out of date cough mixtures, then you should try making at home a cough syrup that has a laxative, cleansing and tonic action.

Essence Mentho-Laxene, when made into a syrup, quickly relieves the most chronic coughs and colds on the lungs of old or young, and not only that, but it has a most decided curative action so that almost any chronic case may be cured in a week or two. Buy of your druggist a 2 1/2 oz. package of essence mentho-laxene, containing full directions for making a pint of laxative cough syrup very easily at home.

You make a syrup of granulated sugar. Here is the formula: Essence mentho-laxene, 2 1/2 Ozs. Granulated sugar syrup 12 1/2 Ozs.

It makes the surest cough remedy known for old people, and children like it so well, too.

It not only quickly loosens the tightest cough, but it drives the cold out of the system and cures by its tonic and laxative action.

You can save \$3 to \$4 by making it at home cheaply, as a pint lasts a family a long time.

### SCHENK REPORTED BETTER.

Wheeling, W. Va., Nov. 14.—The condition of John Schenk is slightly better this afternoon. Physicians now think he will recover, but say it will take months, perhaps years, to regain his health. No further arrests have been made but suspects are constantly shadowed to prevent them from leaving the city.

Mrs. Schenk is said to be getting impatient in jail and is insisting that her lawyers institute habeas corpus proceedings to get her out.

### THE ORPHEUM.

See that high-class musical feature at the popular Arcade theatre the first half of this week. Billy Bradley's six "Gypsy Warblers" in the best of harmony an act that will be especially pleasing to those who love good music. Another feature will be Billie Hurst and Maude Kelsey in a comedy skit, introducing some dancing. More songs and plenty of comedy. John Zamboulakis rapid clay modeling is one of the best in his line and the rapidity with which he works seems scarcely conceivable; skillfulness, gracefulness and individuality add to its value and as a musician he masters his instruments, and dexterity, technique, and expression win him the admiration of his hearers. Eddie Gardner, the man that keeps the hats up in the air, will introduce something new in juggling. Orpheumscope another feature film.

### MEASLES ARE SPREADING FAST

Cochecton, Nov. 14.—An epidemic of old-fashioned measles is raging in the Warsaw and New Bedford neighborhoods. At the former place about 50 cases have been reported, and at the latter the number has reached 60. The schools of both places have been closed and the efforts of the boards of health to stop the spread of the epidemic are unavailing.

**Sore Throat Not a Trifling Ailment**

Almost every one has had sore throat—will have it again. It is one of our most common ailments and, because it is itself, is not fatal, it is too often looked upon as a small matter, requiring little or no attention.

On the contrary it is a very serious affliction because every person with Sore Throat is in danger of Tonsillitis, Quinsy, or Diphtheria and of serious malady. In fact these diseases are almost invariably preceded by Sore Throat.

The air we breathe, the food we eat, the liquids we drink, all pass through the throat, and if that is diseased infection may be carried to every part of the system. To cure a Sore Throat often means to prevent Diphtheria or one of the other more serious throat diseases. Curing Sore Throat is TONSILINE'S special mission. It is made for that—advised for that—sold for that one purpose. TONSILINE is the one and only Sore Throat cure which is sold over a large part of the United States. TONSILINE is so well and so skillfully prepared as a Sore Throat cure that the first dose gives decided relief, and a very few doses cure.

Remember—Sore throat is Nature's danger signal. Keep TONSILINE in the house and be on the safe side of Sore Throat.

**DENISON BOY HONORED BY CHICAGO SCHOOL**

Elected President of Senior Class in Law School of Chicago University—Granville News.

Granville, Nov. 14.—The students and alumni of Denison will be interested to know that Mr. Ellis P. Legler, class '97, has been elected president of the Senior class in the law school of the University of Chicago. Mr. Legler's recognized ability and personal popularity, coupled with the influential support of Edgar Phillips, also a former Denison student, had a splendid effect and he was elected to the office by acclamation. This is considered the greatest honor in the graduate schools of the university, and the honor is greatly enhanced by the fact that in the law school are represented 116 other colleges. Two Denison men have secured this honor two years in succession, Mr. Howard E. Flanagan, '02, having been president of last year's graduating class, which all goes to show that Denison men are well equipped to compete with men of other institutions. Mr. Legler is also president of the Whittier Law Club of the university and is very active in musical affairs in the institution. While at Denison Mr. Legler enjoyed unbounded popularity, and his many friends will be glad to learn of his success at Chicago.

During the past few weeks a number of Licking county people, including several from this vicinity, have left to seek homes in the far west. Among those who recently left for Washington State and California to take up their future residence is J. L. Richards, a well known young farmer, who has purchased a fine ranch near San Diego, Cal.

Mr. and Mrs. G. D. Davis of Newark, who have been visiting at the home of Mr. and Mrs. F. C. Davis, for a few days, returned home Monday.

The pleasant country home of Mr. and Mrs. Harry Fisher, several miles southwest of the village, was the scene of a pleasant event on Saturday evening, being a surprise on Mr. Fisher. For some time past it was known that the anniversary of the birth of Mr. Fisher was on Saturday, November 12th, and a number of his friends got together and determined that the event should not be passed by unnoticed. Accordingly they planned a surprise on him which was successfully carried out. About twenty-five of the friends of Mr. and Mrs. Fisher met at the home of one of their number and repaired in a body to the home of Mr. Fisher where they successfully surprised that gentleman and a very pleasant evening was enjoyed by all present. Mr. Fisher was the recipient of a number of presents and he also received 56 beautiful postal cards, commemorative of the occasion.

The farmers say that there will be an abundant supply of turkeys for Thanksgiving, and the treasury people promise a lot of new gold coins for Christmas. It's mighty hard work to be a pessimist, these days.

Dr. O. C. Crawford and wife of Pittsburg, Pa., and Mr. W. J. Crawford of Frazersburg, visited at the home of their parents, Mr. and Mrs. J. W. Crawford Saturday night and over Sunday.

An organized movement to trim all the shade trees in Granville to a uniform style, at one and the same time, would be a good thing for the town in more than one respect. The question should be agitated, and on the opening of next spring the property owners should go simultaneously to work and the result would be the most beautiful shaded streets, all artistically done, in the great state of Ohio.

The amount lost and won on election bets in Granville this year would neither enrich or impoverish anybody.

It is predicted that when the Licking Democratic club from Newark marches down High street, in Columbus, on Inauguration Day, it will easily

should be the first thought. It dissolves and removes the Uric Acid, carries the poisons out of the system, protects the heart and hastens recovery. Potosote is mineral water with the water and bad taste left out. It is put up in powdered form in sanitary, germ-proof bottles. Put a teaspoonful in a glass of water. At once it makes a pure, bubbling, pleasant-tasting mineral water just as though you had gone to the great Carlsbad or Friedrichsbad springs and dipped it up in your glass.

**Mother:** You are correct in surmising that your baby is cross and fretful and sleeps and is restless because of what seems inherited constipation. No one should expect an infant to be a "good baby" so long as it is constipated even for twenty-four hours. This makes a splendid acting laxative and has a curative effect on infants, children and adults; aromatic fluid cascara 1 oz., compound essence cardiol 1 oz., aromatic syrup rhubarb 1 oz. Mix; infant dose five to ten drops, three or four times daily. Begin with small doses and gradually increase if necessary. Give only after meals.

**Mrs. O.:** Your questions and symptoms have been answered and explained several times in these columns, but as they may have escaped your attention I will repeat my advice, as I have for many others. Your family of six is indeed finding this a hard winter, all of them having coughs and colds, and being kept from their work and school for fear of pneumonia. I have a remedy which will cure medicine may sometimes appear a luxury, but seldom. I will advise you how to make a cheap but most valuable cough syrup at home. Compound essence cardiol 1 oz., aromatic syrup rhubarb 1 oz., aromatic fluid cascara 1 oz. Mix; infant dose five to ten drops, three or four times daily. Begin with small doses and gradually increase if necessary. Give only after meals.

**Young Man:** Yes, I can offer any man whose vitality is lowered, but faithful progress is often necessary. Your condition is not beyond hope. Careful attention to diet and in restoring the vital powers which have weakened from a disipation of your vital forces in both work and pleasure. This may account for nervousness and inability to act rationally and naturally. As a healthy, vigorous person would be so soon overcome and a household new health can be felt during the entire system in the following treatment is carefully adhered to: The following powerful though harmless nerve tonic in teaspoonful doses 2 or 4 times a day: Compound fluid cascara 1 oz., compound essence cardiol 1 oz., structure cardomene compound 1 oz., cardamom and compound syrup saparilla 3 oz. Mix all together and shake well. Then, to enrich the blood and increase your weight, which is far below normal, get a package of 2-grain hyponitrate tablets. Take one tablet after meals and you will soon be rejuvenated into perfect health.

**Mrs. E. F.:** I certainly sympathize with anyone who is so unfortunate as to be a chronic victim of sleeplessness. This condition, if neglected, is a frequent cause of insanity. If your case is accompanied with indigestion or any uneasy feeling of the stomach, take tablets triopetine. If the directions accompany the package. This treatment rounds out the figure, makes pink cheeks, red lips and sparkling eyes of health.

**Lady E.:** I can recommend a splendid and cheap preparation to use as a dry shampoo for the hair. It makes the hair clean, fluffy and brilliant and increases its growth. Mix 6 ounces of olive oil with 2 oz. of vitamin powder. Sprinkle a tablespoonful through the hair, massaging with the fingers; then brush and comb until all trace of powder is removed. May be left on over night with advantage.

**Harriet:** Certainly you can overcome excessively oily or greasy hair and dandruff. Three or four applications of plain yellow mineral will work wonders on the hair and scalp. This will cure and cause like yours quickly. It is packed in 4-ounce jars with directions accompanying.

**SUNDAY MEETING AT THE Y. M. C. A.**

"Darkest Africa" proved to be an attractive subject to a good number of men and the Y. M. C. A. meeting was well attended. Rev. Mr. Warner gave a most instructive explanation of the condition and the pictures showed the life of the tribesmen. Motion pictures showing the "date industry" in Egypt were shown. Following the meeting a good number of men met and organized a class to study "The Social Teachings of Jesus" under the leadership of Mr. Harry Scott. This class will take up the study of the live, economic questions and will be open to free expression of views on the part of the members of the class. Each Sunday at 4:15 will be the time of meeting and attendance at the class will be open to any man in Newark. Men from the shops and factories are especially invited.

**FREE TALK ON ELECTRICITY.**  
No subject is more "live" in the world of industry than that of "electricity," and the address on "Practical Electricity" at the Y. M. C. A. Tuesday evening is likely to interest a good number of men.

Mr. C. W. Koehler, head of the power department at the Wehrle plant, and a graduate of one of the best technical schools in America, is to give the address. No charge will be made for admission and while working in the electrical trades are especially invited, any young man who is interested is welcome to attend.

EAST NEWARK PROPERTY OWNERS MAKE STATEMENT

A few weeks ago the report was circulated by a member of the Board of Assessors that members Shamp, Flumholtz and Wareham, while reapportioning the property of the First ward raised the values of the "dry" and lowered the value of the "wet". We, the undersigned, wish to say that in comparing values of properties in this ward that we find this statement is not true and is an injury to the above named members.

By taking the coupon clipped from this paper on page 7 to your grocer tomorrow together with 5 cents you can obtain two loaves of delicious Butter-Krust bread made of milk. You buy one loaf with the 5 cents and the grocer gives you one loaf free for the coupon.

SELECT DATE FOR THE FIRST LYNCHING CASE

Monday, Dec. 5, Chosen by Judge Wickham and Prosecutor Smythe Will Make Assignment Later.

Judge Wickham Monday fixed Monday, December 5, as the date on which the first case in the Etherington lynching will be heard. The Prosecutor will make an assignment and determine which case he wishes to try first after he has held a conference with the attorney general. A jury will be summoned to appear on December 5.

Judge Devor took the bench Monday afternoon and called the case of H. H. Simmons, administrator, against the Panhandle Railroad company. He sued for the death of Mrs. Mary Bauman, who was killed by a Panhandle train on December 1, 1908, at a grade crossing near Kirkersville, for the sum of \$10,000. At the same time her husband, Emanuel Bauman, for himself, sued the company for injuries. When the case was called Monday afternoon, F. S. Monnett of Columbus, announced to the court that the case had been settled outside the court. The settlement includes both cases and by it the company agrees to pay \$2,500 and

each party to pay their share of the costs. Judge Wickham then called the jury and opened the criminal calendar, calling first the non-support case of the State of Ohio against Billingslea. Martha E. Taylor vs. George B. Taylor, confirmation of sale, order of deed and distribution.

There will be two courts on Tuesday, Judge W. T. Devor of Ashland, sitting in court in No. 2, in the convention room of the court house, and Judge E. M. Wickham, presiding judge of the Sixth sub-division, sitting in the court chamber proper. Judge Devor will hear civil matters and Judge Wickham criminal matters.

GETS JOB; TAKES ACID. Chillicothe, Nov. 14. — George Wierman, aged 30, who came here seeking employment, took carbolic acid yesterday at the Union Hotel after he had secured a job. His home is said to be at Lima.

The Public Too Often Faked. Unscrupulous dealers, actuated by large profits, often recommend cures "as good as Putnam's." There is only one genuine Corn Extractor and that is Putnam's Painless Corn and Wart Extractor, which in twenty-four hours cures warts, corns, callouses and bunions. Putnam's is a miracle of efficiency and economy. Try it, 25c a bottle. Mfd. by N. C. Polson Co., Buffalo, N. Y. Sold by Erman & Son.

PRINCE HENRY MAKES FLIGHTS. Darmstadt, Germany, Nov. 14. — Prince Henry of Prussia made several flights alone in a military aeroplane Sunday. Prince Henry has been devoting considerable time to learning to operate the machine.

RHEUMATIC POISON

Rheuma Drives It from the System and Cures Rheumatism.

Ever since Evans' Drug Store secured the privilege of handling Rheuma in Newark, the sales have been very large. This is due to the fact that Rheuma really does cure Rheumatism, and that it is guaranteed to cure Rheumatism or money back. It's a quick acting remedy, too. You don't have to wait a long while for results, for Rheuma starts at once to act on the kidneys, liver, bowels and blood, and before 24 hours the poisonous Uric Acid, which causes Rheumatism, has begun to pass out of the body through the regular channel.

One 50 cent bottle will prove to any Rheumatic sufferer that Rheuma surely will cure Rheumatism. For quickest relief from acute indigestion, try English Marshm., 25 cents, at Evans' Drug Store. Mailed by Rheuma Co., Buffalo, N. Y.

BRYAN GOES TO TEXAS. Lincoln, Neb. Nov. 14. — W. J. Bryan left last evening for Texas. Later the other members of his family will follow him to remain on Mr. Bryan's ranch near Mission, until early spring. Denial was made of the rumor that Mr. Bryan intended to abandon his residence in Nebraska to live in Texas.

PAST CHANCELLORS AT COSHOCTON

The members of the Fidelity lodge, No. 135, Knights of Pythias of Coshocton are making big preparations to entertain the visiting lodgemen who will attend the annual meeting of the Past Chancellors Association of the Nineteenth district on Wednesday evening. The entertainment will be in the form of a banquet to be served in the lodge room, and Judge S. H. Nicholas will act as toastmaster. Among the speakers selected is Fred Wilson of this city.
